REQUEST, DISCUSSION AND RECOMMENDATION

CASE:

ZV23-001

REQUEST:

The applicant is requesting the Board of Zoning Appeals to grant a variance to encroach into the required rear yard setback in the Residential Transition (RT) district.

GENERAL INFORMATION:

Applicant: Mary Dabrowski

TMS: 17400-05-09

Location: 1028 Goff Road, Columbia, SC 29210

Parcel Size: 1 acre

Existing Land Use: Currently the property is residentially developed.

Proposed Land Use: The applicant proposes establish an accessory structure (garage) which will encroach into the required rear yard setback.

Character of Area: The area along Goff Road is primarily residentially developed.

ZONING ORDINANCE CITATION:

The Board of Zoning Appeals shall have the following powers and duties under this Ordinance:

- a. To hear and decide appeals from a decision of the Zoning Administrator on any of the following:
 1. Permitted Use with Special Requirements (Sec. 26-2.5(f)(1));
 2. Tree Removal Permits (Sec. 26-2.5(h));
 3. Sign Permits (Sec. 26-2.5(i));
 4. Temporary Use Permits (Sec. 26-2.5(l));
 5. Certificates of Zoning Compliance (Sec. 26-2.5(m)); and
 6. Interpretations (Sec. 26-2.5(q)).
- b. To review and decide applications for the following:
 1. Special Exception Permits (Sec. 26-2.5(d)); and
 2. Variances (Sec. 26-2.5(o)).
- c. To hear and decide appeals from any other order, requirement, decision, or determination made by the Zoning Administrator or other authorized staff of the Community Planning and Development Department.

CRITERIA FOR VARIANCE:

Decision Standards for Variance

- a. **The Board of Zoning Appeals shall approve a variance application only on finding the applicant demonstrates all of the following:**
 1. There are extraordinary and exceptional conditions pertaining to the particular piece of property;
 2. These conditions do not generally apply to other property in the vicinity;
 3. These conditions are not the result of the applicant's own actions;
 4. Because of these conditions, the application of the standards in this Ordinance to the particular piece of property would effectively prohibit or unreasonably restrict the utilization of the property; and

5. The authorization of a variance will not be of substantial detriment to adjacent property or to the public good, and the granting of the variance will not harm the character of the district.
- b. The fact that property could be utilized more profitably if a variance were granted shall not be considered grounds for approval of a variance application.
- c. The Board of Zoning Appeals shall not approve a variance application if the approval would have the effect of:
 1. Allowing the establishment of a use not otherwise permitted in a zoning district;
 2. Extending physically a nonconforming use of land;
 3. Changing the zoning district boundaries shown on the official zoning map;
 4. Decreasing the allowed minimum lot size or the minimum lot width, or in any other manner creating a nonconforming lot; or
 5. Permitting an increase in density allowing more units on a lot than permitted under this Ordinance.

DISCUSSION:

The applicant is proposing to construct a garage that will encroach into the required twenty (20) foot rear yard setback by ten (10) feet. The remainder of the proposed structure will conform to the required setbacks for the RT zoning designation.

According to the applicant, the necessity for the variance is due to a "...semi steep hill" that is located at the rear of the property. Without the granting of the variance, "...the garage would be too far into the property" and that "...the driveway would be too long and steep because of the foundation height." The applicant infers that the existing vegetation (wooded) along the rear property line would serve as a buffer for the adjacent property.

The minimum lot area for a parcel in the RT district is 43,560 square feet. The lot area for the subject site is conforming

Staff believes that the subject parcel meets all of the criteria required for the granting of a variance. Staff recommends that the request be **disapproved**. According to the standard of review, a variance shall not be granted until the following findings are made:

- a. **Extraordinary and exceptional conditions**
Staff was unable to identify enough of a significant slope on the site to impede construction of the proposed garage.
- b. **Conditions applicable to other properties**
Staff observed that parcels along Goff Road are subject to a gradual decline going east to west.
- c. **Application of the ordinance restricting utilization of property**
Applying the setback requirements for the RT district does not significantly restrict the ability to build or establish a structure on the site.
- d. **Substantial detriment of granting variance**
There would be no substantial detriment to the surrounding properties if the variance is granted.

BOARD OF ZONING APPEALS REVIEW AND ACTION:

The Board of Zoning Appeals shall make a decision on the application in accordance with Sec. 26-2.5(d)(4), Special Exception Decision Standards. The Board's decision shall be one of the following:

1. Approve the application as submitted;
2. Approve the application subject to conditions of approval the Board determines are necessary for the proposed use to comply with Sec. 26-2.5(d)(4), Special Exception Decision Standards; or
3. Deny the application.

Parcel Size: .81 acres

Existing Land Use: Currently the property is undeveloped.

Proposed Land Use: The applicant proposes establish a residential dwelling which will encroach into the required rear and side yard setbacks.

Character of Area: The area is primarily residentially developed.

ZONING ORDINANCE CITATION:

The Board of Zoning Appeals shall have the following powers and duties under this Ordinance:

- a. To hear and decide appeals from a decision of the Zoning Administrator on any of the following:
 1. Permitted Use with Special Requirements (Sec. 26-2.5(f)(1));
 2. Tree Removal Permits (Sec. 26-2.5(h));
 3. Sign Permits (Sec. 26-2.5(i));
 4. Temporary Use Permits (Sec. 26-2.5(l));
 5. Certificates of Zoning Compliance (Sec. 26-2.5(m)); and
 6. Interpretations (Sec. 26-2.5(q)).
- b. To review and decide applications for the following:
 1. Special Exception Permits (Sec. 26-2.5(d)); and
 2. Variances (Sec. 26-2.5(o)).
- c. To hear and decide appeals from any other order, requirement, decision, or determination made by the Zoning Administrator or other authorized staff of the Community Planning and Development Department.

CRITERIA FOR VARIANCE:

Decision Standards for Variance

- a. **The Board of Zoning Appeals shall approve a variance application only on finding the applicant demonstrates all of the following:**
 1. There are extraordinary and exceptional conditions pertaining to the particular piece of property;
 2. These conditions do not generally apply to other property in the vicinity;
 3. These conditions are not the result of the applicant's own actions;
 4. Because of these conditions, the application of the standards in this Ordinance to the particular piece of property would effectively prohibit or unreasonably restrict the utilization of the property; and

5. The authorization of a variance will not be of substantial detriment to adjacent property or to the public good, and the granting of the variance will not harm the character of the district.
- b. The fact that property could be utilized more profitably if a variance were granted shall not be considered grounds for approval of a variance application.
- c. The Board of Zoning Appeals shall not approve a variance application if the approval would have the effect of:
 1. Allowing the establishment of a use not otherwise permitted in a zoning district;
 2. Extending physically a nonconforming use of land;
 3. Changing the zoning district boundaries shown on the official zoning map;
 4. Decreasing the allowed minimum lot size or the minimum lot width, or in any other manner creating a nonconforming lot; or
 5. Permitting an increase in density allowing more units on a lot than permitted under this Ordinance.

DISCUSSION:

The applicant is proposing to construct a residence that will encroach into the required fifty (50) foot rear yard setback by thirty-three (33) feet. The remainder of the proposed structure will conform to the required setbacks for the RT zoning designation.

The minimum lot area for a parcel in the RT district is 43,560 square feet. The lot area (35,284) square feet) for the subject site is nonconforming. In addition, the configuration of the parcel, coupled with the required setbacks, limits the buildable area for the proposed structure.

Staff believes that the subject parcel meets all of the criteria required for the granting of a variance. Staff recommends that the request be **approved**. According to the standard of review, a variance shall not be granted until the following findings are made:

a. Extraordinary and exceptional conditions

The nonconformity of the parcel, specifically the square footage and configuration of the parcel, in addition to the required setbacks for the district, restricts the placement options for the proposed structure.

b. Conditions applicable to other properties

Staff was unable to identify other parcels in the general area of the subject site which are both nonconforming in regards to lot width and restricted by their configurations.

c. Application of the ordinance restricting utilization of property

Applying the setback requirements for the RT district does significantly restrict the buildable area of the site.

d. Substantial detriment of granting variance

There would be no substantial detriment to the surrounding properties if the variance is granted.

BOARD OF ZONING APPEALS REVIEW AND ACTION:

The Board of Zoning Appeals shall make a decision on the application in accordance with Sec. 26-2.5(d)(4), Special Exception Decision Standards. The Board’s decision shall be one of the following:

1. Approve the application as submitted;
2. Approve the application subject to conditions of approval the Board determines are necessary for the proposed use to comply with Sec. 26-2.5(d)(4), Special Exception Decision Standards; or
3. Deny the application.

GENERAL INFORMATION:

Applicant: Loretta Lewis

TMS: 09700-02-56

Location: 817 Longtown Road, Columbia, SC 29229

Parcel Size: 1.49 - acre tract

Existing Land Use: The parcel is currently occupied by a structure used for church offices.

Proposed Land Use: The applicant proposes to use the property and existing structure to establish a temporary residential care home for children.

Character of Area: The general area consists of parcels dedicated to commercial and institutional uses.

ZONING ORDINANCE CITATION:

Table 26-4.2 (b) of the Land Development Code authorizes the Board of Zoning Appeals to authorize children's residential care home subject to the provisions of section 26-4.2 (d) (2) b.1

CRITERIA FOR SPECIAL EXCEPTION:

(1) Special Exception Decision Standards

The Board of Zoning Appeals shall not approve a special exception permit application unless the Board finds, for all of the following, the proposed use:

- a. Complies with all applicable district-specific standards in Article 26-3: Zoning Districts;
 - b. Complies with all applicable use-specific standards in Article 26-4, Use Regulations;
 - c. Complies with all applicable standards in Article 26-5, General Development Standards;
 - d. Complies with all relevant standards in Article 26-6, Land Development (Subdivision) Standards;
 - e. Will not have a substantial adverse impact on vehicular traffic or vehicular and pedestrian safety;
 - f. Is compatible with the character of surrounding development and the neighborhood;
 - g. Will not have a substantial adverse impact on adjoining properties in terms of noise, lights, glare, vibrations, fumes, odors, litter, or obstruction of air or light;
 - h. Will not have a substantial adverse impact on the aesthetic character of the area where it is proposed to be located; and
 - i. Will not have a substantial adverse impact on public safety or create nuisance conditions detrimental to the public.
-

Special exception requirements as found in section 26-4.2 (d) (2) b.1:

1. Children's Residential Care Home

In the HM, RT, R1, R5, and R6 districts, the following standards apply:

- (a)** The minimum lot size shall be one acre.
- (b)** The front yard setback shall be the same as permitted in the applicable zoning district. Side and rear yard setbacks shall be 25 feet.
- (c)** Parking spaces and drives shall be located a minimum of 20 feet from side and rear property lines.
- (d)** Parking in the front yard is prohibited.

DISCUSSION:

Staff visited the site.

The applicant proposes to temporarily house twelve (12) youths who are awaiting permanent placement by state agencies (i.e., DSS and DJJ). Records indicate that the existing residential structure totals 2,930 square feet (2,377 square feet heated).

Staff did not observe any conditions or factors that would negatively impact the properties in the surrounding area by the establishment of this type of development.

Staff recommends **approval**.

If granted approval, the proposed project will be subject to site plan review, which will entail a review from the following Richland County divisions:

- Planning
- Engineering
- Building
- Fire Marshal

If an approval is granted, it is recommended the BZA review the proposed development schedule to determine if conditions should be applied. It is staff's recommendation that an approval stipulate the following:

1. Plans for the development of the site must be submitted for official review by Richland County within one (1) year of the approval of the special exception;
2. If the stipulation of item #1 is not met, the special exception for the orphanage is voided;
3. The submitted site plan is considered to be a conceptual layout for the proposed development. The special exception approval by the Board of Zoning Appeals does not constitute an official site and/or building plan review and approval;
4. Major changes to the site plan, such as an increase in square footage, height, and/or orientation of the buildings, will require an additional review and approval by the Board of Zoning Appeals; and
5. The Zoning Administrator shall determine if any requested changes to the Special Exception are major changes.

BOARD OF ZONING APPEALS REVIEW AND ACTION:

The Board of Zoning Appeals shall make a decision on the application in accordance with Sec. 26-2.5(d)(4), Special Exception Decision Standards. The Board's decision shall be one of the following:

1. Approve the application as submitted;
2. Approve the application subject to conditions of approval the Board determines are necessary for the proposed use to comply with Sec. 26-2.5(d)(4), Special Exception Decision Standards; or
3. Deny the application.
